Modeling Air-travel Booking Behavior and Market Dynamics: project MAD with Amadeus

Zakaria Babutsidze (SKEMA)
Thierry Delahaye (Amadeus)

Motivation

Motivation

- New aspect of modelling consumer choice: **cognitive biases**

Motivation

- New aspect of modelling consumer choice: **cognitive biases**
 - Understand how they can impact passengers choosing flights

Motivation

- New aspect of modelling consumer choice: **cognitive biases**
 - Understand how they can impact passengers choosing flights
 - Initial focus on the **decoy effect**

Motivation

- New aspect of modelling consumer choice: **cognitive biases**
 - Understand how they can impact passengers choosing flights
 - Initial focus on the **decoy effect**
- Amadeus has expertise in **data science**

Motivation

- New aspect of modelling consumer choice: **cognitive biases**
 - Understand how they can impact passengers choosing flights
 - Initial focus on the **decoy effect**
- Amadeus has expertise in **data science**
 - As well as **extensive data** on consumer behavior online

Motivation

- New aspect of modelling consumer choice: **cognitive biases**
 - Understand how they can impact passengers choosing flights
 - Initial focus on the **decoy effect**
- Amadeus has expertise in **data science**
 - As well as **extensive data** on consumer behavior online
- UCA brings expertise **social science**

Motivation

- New aspect of modelling consumer choice: **cognitive biases**
 - Understand how they can impact passengers choosing flights
 - Initial focus on the **decoy effect**
- Amadeus has expertise in **data science**
 - As well as **extensive data** on consumer behavior online
- UCA brings expertise **social science**
 - E.g. studying the question using **controlled lab experiments**

Motivation

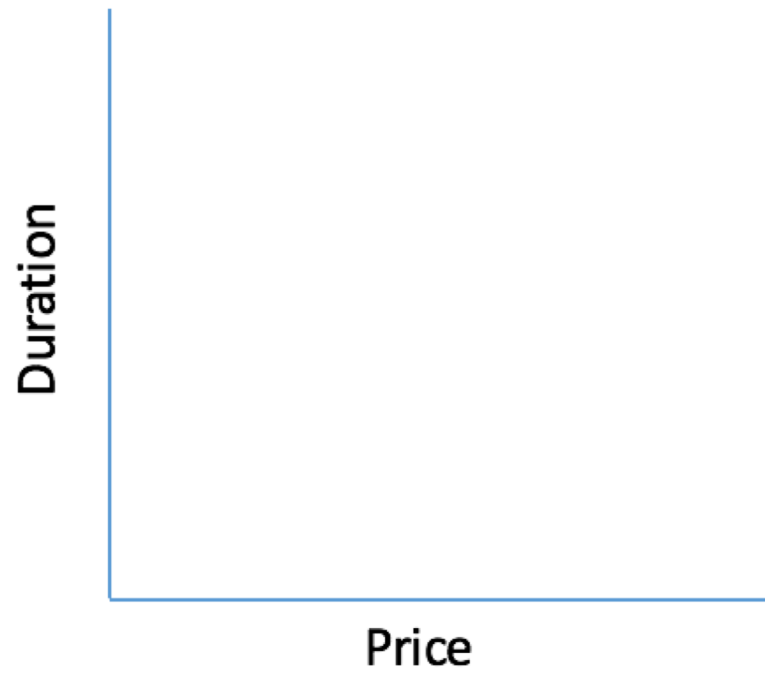

- New aspect of modelling consumer choice: **cognitive biases**
 - Understand how they can impact passengers choosing flights
 - Initial focus on the **decoy effect**
- Amadeus has expertise in **data science**
 - As well as **extensive data** on consumer behavior online
- UCA brings expertise **social science**
 - E.g. studying the question using **controlled lab experiments**
- Different **point of view** on existing choice data

Motivation

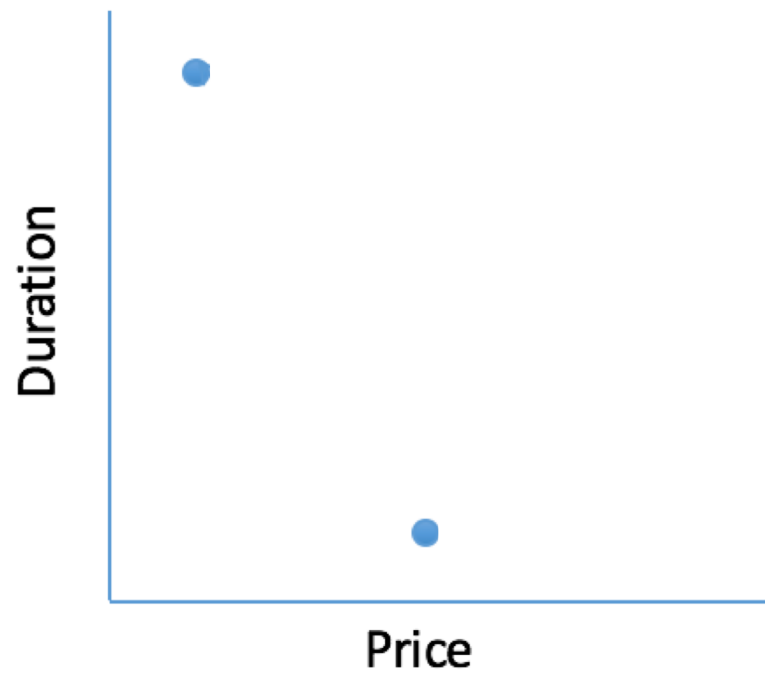

- New aspect of modelling consumer choice: **cognitive biases**
 - Understand how they can impact passengers choosing flights
 - Initial focus on the **decoy effect**
- Amadeus has expertise in **data science**
 - As well as **extensive data** on consumer behavior online
- UCA brings expertise **social science**
 - E.g. studying the question using **controlled lab experiments**
- Different **point of view** on existing choice data
 - E.g. study the clusters of similar itinerary alternatives

Four aspects of the study

Four aspects of the study

- Large scale study of the historical **choices** online

Four aspects of the study

- Large scale study of the historical **choices** online
 - How does the menu design affect the choice?

Four aspects of the study

- Large scale study of the historical **choices** online
 - How does the menu design affect the choice?
- Large scale **conversion** study

Four aspects of the study

- Large scale study of the historical **choices** online
 - How does the menu design affect the choice?
- Large scale **conversion** study
 - How does menu design affect incentives to book?

Four aspects of the study

- Large scale study of the historical **choices** online
 - How does the menu design affect the choice?
- Large scale **conversion** study
 - How does menu design affect incentives to book?
- Controlled laboratory experiment

Four aspects of the study

- Large scale study of the historical **choices** online
 - How does the menu design affect the choice?
- Large scale **conversion** study
 - How does menu design affect incentives to book?
- Controlled laboratory experiment
 - How does menu design influence **choice and conversion jointly**?

Four aspects of the study

- Large scale study of the historical **choices** online
 - How does the menu design affect the choice?
- Large scale **conversion** study
 - How does menu design affect incentives to book?
- Controlled laboratory experiment
 - How does menu design influence **choice and conversion jointly**?
- Online field experiment
