> Who can apply for a Wings scholarship?

Wings program is open to:
- **International Students;**
- **Under the age of 25;**
- **With a proven academic excellence.**

Campus SophiaTech, Sophia-Antipolis

> What is covered by the Wings scholarship?

- An allocation of 8 000 euros to cover your daily expenses, paid in two installments (50% in the first semester and 50% in the second semester, subject to passing the first semester's exams).
- Duration: one academic year (M1 or M2), conditionally renewable in M2.
- Can be combined with other grants up to a maximum of 8 000 euros for all grants per academic year.
  Example: you are a recipient of a 5 000 euro scholarship from your state. The amount of the Wings scholarship in this case can not exceed 3 000 euros.
- Please note: tuition fees are not covered by the Wings Program.

Why choose to study at the Digital Systems for Humans Graduate school?

Our training programs are backed by research laboratories at the forefront of their fields. They cover the scientific, technological and human aspects of digital systems.

This multidisciplinary vision allows you to benefit from numerous opportunities and to broaden your skills beyond your master's specialization:
- Minors en digital law, digital business, electronics, creative industries, entrepreneurship,...;
- Tutorships (immersion in research laboratories), a springboard to PhD;
- Individual and group innovation projects.

Semester after semester, personalize your training, feed your intellectual curiosity and boost your employability !

Flora, doctoral student in electronics, recipient of a Wings excellence scholarship

« *I have a Master's degree in Telecommunications, Networks and Multimedia from USTHB in Algiers. Thanks to my good academic achievements, I was able to enter the Electronics Master's program at Université Côte d'Azur and benefit from a scholarship from the Digital Systems for Humans Graduate school.*
It covered my daily expenses and therefore allowed me to concentrate on my studies, and to finish top of my class in my second year. Then, this scholarship really boosted my application for a PhD. Besides that, I took responsibilities in the ADAMS student association and I am an elected student representative in the Scientific and Pedagogical Council of the Graduate school. »

> How to apply?

Check that you meet the eligibility requirements

You must :

- Apply for one of the eligible Master's degrees (see the list on page 2).

- Be of foreign nationality (non French) and enrolled in a study program abroad. Candidates with dual nationality, one of whose nationalities is French, are not eligible.

- Be under 25 years old at the time of application.

- Live in France during the academic year for which the scholarship is given. A Wings scholarship cannot be awarded to students who take distance courses from abroad.

- Commit to doing your final Master 2 internship (and possibly your Master 1 internship) in one of the Digital Systems for Humans Graduate school partner laboratories.

- Express interest in pursuing a PhD degree following the Master's Degree.

**Have you already received a Wings scholarship during your Master 1?
The scholarship is renewed in the second year of the Master's program
if you have passed your first year with an average of over 14/20.**

Apply for the eligible Master's degree of your choice

- The application process for our Master's degrees is online:
  - Masters Université Côte d'Azur : https://univ-cotedazur.fr/candidater-et-s-inscrire
  - SKEMA MSc: https://www.skema.edu/programmes/masters-of-science/msc-digital-business

- Explain why you wish to receive a Wings scholarship in your Master application letter.

- At the same time, fill in the form on pages 5-6 of this leaflet and send it to eur-ds4h.international@univ-cotedazur.fr

Selection process

- The Wings excellence scholarships are awarded by the Master's programs coordinators.
- The scholarship is effectively awarded if the student completes his/her registration for the planned Master's degree.
